## PICKLEBALL FACILITY SURVEY RESULTS 2016

### Question 1 - Comments Detailed Below – 30 Respondents

Lines are very difficult to see !! Nets are not permanent and very flimsy. No permanent dividers between courts. Bathroom facilities are too far from courts, not easily available! No convenient and preferred morning club hours..... hours are in the main heat of the day which is terrible for older players! No lighting for evening play hours which are cooler!

3/31/2016 1:40 PM [View respondent's answers](#)

Can't see the lines and not enough courts. Need permanent nets. Not enough courts....to much waiting time to play

3/30/2016 10:28 PM [View respondent's answers](#)

Can't see the lines, No permanent nets, not enough courts causing to much wait time to play.

3/30/2016 10:21 PM [View respondent's answers](#)

Long wait to play.

3/30/2016 9:28 AM [View respondent's answers](#)

it seems like a temporary solution until we get a real pickleball court and permanent nets...

3/28/2016 4:34 PM [View respondent's answers](#)

It is not a pickleball facility rather makeshift tennis courts. Green/white lines make it difficult to see boundaries. Court numbers (4) does not meet the current demand

3/23/2016 11:18 PM [View respondent's answers](#)

not enough courts need permanent courts

3/23/2016 11:02 PM [View respondent's answers](#)

There is no Pickelball facility. There is a designated area located on the Tennis Courts.

3/23/2016 5:30 PM [View respondent's answers](#)

current facility is played on a tennis court with that game's markings on the pavement, extremely confusing (I imagine for tennis players too, for they have to put up with the PB lines!)

3/23/2016 3:20 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

Need new courts

3/23/2016 12:11 PM [View respondent's answers](#)

Designated courts more

3/23/2016 11:08 AM [View respondent's answers](#)

Poorly marked lines. Poorly marked kitchen. Temporary nets. Inadequate number of courts.

3/23/2016 10:52 AM [View respondent's answers](#)

Lines are hard to see. Temporary nets are flimsy and unsafe.

3/23/2016 10:41 AM [View respondent's answers](#)

It is very difficult to see the green pickle ball lines. I am often confused by the vivid white lines.

3/22/2016 5:25 PM [View respondent's answers](#)

Lined with tennis and pickleball lines, hard to judge lines Temporary nets that have to be moved on & off courts daily.

3/22/2016 8:59 AM [View respondent's answers](#)

There should be only lines for pickleball not tennis

3/22/2016 8:12 AM [View respondent's answers](#)

No permanent courts, court time very limited due to being shared with tennis, lines difficult to see

3/21/2016 10:13 AM [View respondent's answers](#)

No nets around courts to keep the ball from going into other courts. Lines hard to distinguish from other lines on court. Not enough courts for the amount of players.

3/21/2016 9:32 AM [View respondent's answers](#)

No nets around courts to keep the ball from going into other courts. Lines hard to distinguish from other lines on court. Not enough courts for the amount of players.

3/21/2016 9:31 AM [View respondent's answers](#)

The tennis courts that we play on are a good surface. The lines on the court are not very easy to see.

3/20/2016 9:14 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

Mobile home parks and RV parks have better facilities than Timber Pines does, and have play all day. I started Pickleball in other communities (I am a Pickleball ambassador for USAPA) after living here for over a year and they ALL have better facilities than we do.

3/20/2016 8:57 PM [View respondent's answers](#)

Adequate. Lines not well defined. Nets need to be set up before each play time.

3/20/2016 9:53 AM [View respondent's answers](#)

Need dedicated pickleball facility with more courts

3/20/2016 9:14 AM [View respondent's answers](#)

Not enough courts

3/19/2016 10:58 PM [View respondent's answers](#)

facility isn't adequate or safe for the amount of players usually at the courts every day.

3/19/2016 6:30 PM [View respondent's answers](#)

Currently, lines for tennis and pickleball is not easy, hours are very limiting, and surface is not ideal. Central location is great, having three shelters is great, water availability is great. Some distance to washrooms and storage, which is difficult for some, and tough for visitors and newcomers. Parking can be a challenge on busy days at the lodge, and perhaps more markings for golf carts would be helpful.

3/19/2016 6:24 PM [View respondent's answers](#)

Faintly painted lines on a tennis court. NOT ENOUGH COURTS for the number of people in our club!!!!

3/19/2016 4:03 PM [View respondent's answers](#)

We need permanent state-of-the-art courts Timber Pines is a great place but without great pickleball it is lacking.

3/18/2016 7:26 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

Wait times too long for the number of people playing. Need additional courts. Wind blows balls into other courts and need court separators. Tennis court lines confuse Pickleball play. Lack of sufficient sun shaded areas both on and off court Need dedicated Pickleball facility rather than dual role function as booking tennis is at odds with booking pickleball Better access or more direct access to washroom facilities is warranted by walking path or access door through craft area in building adjacent. A few dedicated parking spots for cars or split golf cart parking adjacent to courts seems reasonable Need secure dedicated storage building in better proximity to active areas of facility to accommodate equipment and not pitiful shared use with shuffleboard

3/18/2016 7:41 AM [View respondent's answers](#)

There are zero dedicated PB courts....PB is a third class amenity at Timber Pines....allowing Club members use of the Tennis courts at inconvenient hours.

3/18/2016 5:59 AM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

### Question 2 – Comments Detailed Below – 8 Respondents

need more courts

3/28/2016 9:56 AM [View respondent's answers](#)

Timber Pines is a small community. All areas are convenient and accessible.

3/23/2016 5:30 PM [View respondent's answers](#)

Within walking distance of my house, but if driving, parking is limited. I have had days where I initially drive to the facility, just to turn around, drive home, and instead have to walk for lack of parking!

3/23/2016 3:20 PM [View respondent's answers](#)

Need to enlarge the space

3/23/2016 12:11 PM [View respondent's answers](#)

The location of the courts are great!

3/20/2016 9:14 PM [View respondent's answers](#)

Current location is perfect.

3/19/2016 4:03 PM [View respondent's answers](#)

I believe it is a good location where it sits now we just need state-of-the-art courts.

3/18/2016 7:26 PM [View respondent's answers](#)

Facility is part of integrated activity area and should not be isolated

3/18/2016 7:41 AM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

### Question 3 – Detailed Responses Below – 23 Respondents

As stated above, not convenient with existing conditions.

3/31/2016 1:40 PM [View respondent's answers](#)

Need our own courts

3/30/2016 9:28 AM [View respondent's answers](#)

bringing out nets and sharing with tennis players for dual courts is not very convenient. Two separate sports. Most all places have separated the two.....we need dedicated pickleball courts.

3/28/2016 4:34 PM [View respondent's answers](#)

Have to share courts with tennis players.

3/28/2016 9:56 AM [View respondent's answers](#)

I am assuming this does not mean location but rather the courts. Not enough courts so waits can be long sitting in the afternoon sun because hours are only 1-5. Double lines (white for tennis & green for pickleball) make it difficult to see out of bounds balls. serves, courts etc. The lines and courts are both green !! Need morning court hours too. net must be set up at the beginning & end of play each day. Some players are not adept at this. Rising numbers of pickleball players at TP & worldwide suggest more & better courts would be a good selling point to encourage new residents to buy in TP

3/23/2016 11:18 PM [View respondent's answers](#)

The nets are mobile, anyone who wants to play must move the nets to the desired location place a broken piece of concrete on the ends to avoid them from blowing over and after play return the nets and the concrete to the fence. The designated hours are limited to four per day. Waiting for play usually involves sitting a lot of people in a few chairs.

3/23/2016 5:30 PM [View respondent's answers](#)

Currently I can play only from 1-5pm (the courts are either reserved or used for other purposes outside of those times). In the winter months, this is ok, but summer months are of course way too warm!

3/23/2016 3:20 PM [View respondent's answers](#)

Difficult sharing with tennis players. Easier to book court time if it was an online system.

3/23/2016 10:41 AM [View respondent's answers](#)

needs more courts so don't have to wait to play

3/23/2016 10:08 AM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

Times are limiting due to sharing with tennis.

3/22/2016 5:25 PM [View respondent's answers](#)

Limited time usage because it is also a tennis facility

3/22/2016 8:59 AM [View respondent's answers](#)

Hours are limited, no permanent nets, lines are difficult to see and confused with the tennis lines.

3/21/2016 6:27 PM [View respondent's answers](#)

It's a hassle to set up the temporary nets every time we want to play.

3/20/2016 9:14 PM [View respondent's answers](#)

I would much rather play other than the middle of the day.

3/20/2016 8:57 PM [View respondent's answers](#)

too many people, too few courts

3/20/2016 2:48 PM [View respondent's answers](#)

Convenient if you want to play in afternoon.

3/20/2016 9:53 AM [View respondent's answers](#)

Lines are confusing because of the dual purpose courts

3/20/2016 9:14 AM [View respondent's answers](#)

Just not big enough

3/19/2016 10:58 PM [View respondent's answers](#)

See notes in 1 above. For competition and viewing, and waiting to play when busy, additional seating, and under cover, would be ideal. Also for instruction, one larger shelter would be helpful.

3/19/2016 6:24 PM [View respondent's answers](#)

We know our dedicated time is 1-5pm daily. It would be nice to have other times of day to play for different levels of play, league play, cooler times in the a.m. would be nice.

3/19/2016 4:03 PM [View respondent's answers](#)

When you have to move Nets to the court it is not a very easy facility permanent nets are a must!

3/18/2016 7:26 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

portable nets are flimsy and blow over with wind gusts. Permanent nets as part of a dedicated facility would be better No spectator stands for tournaments are available and should be provided at pool and parking lot sides of facility Tournament play involves providing water and food. Better water stations should be included and the provision of electrical outlets at key locations will allow plug in coolers to be used when tournament play is scheduled Four courts does not accommodate current demands let alone growing club needs. Need to plan for 1-5 year outlook with expansion capability for 5-10 years depending on PB club growth and general community need/demand outside any Club hour usage Need bike racks to assist in providing options to member to ride rather than car or golf carts

3/18/2016 7:41 AM [View respondent's answers](#)

Allowing that PB nets are indoor portable nets, they must be placed and removed from the courts daily so the Tennis players can use the courts for a Majority of the day.

3/18/2016 5:59 AM [View respondent's answers](#)

### Question 5 – See Detailed Responses Below – 64 Respondents

Yuk!! Need new nets, permanent dividers and more courts!! So many players and just not enough room! Potential buyers that are pickleball players would certainly not be impressed! We have been to many communities with designated pickleball courts which attract many people.

3/28/2016 4:34 PM [View respondent's answers](#)

Too small

3/28/2016 9:56 AM [View respondent's answers](#)

Right now there are none, we need a dedicated pickleball facility.

3/28/2016 8:17 AM [View respondent's answers](#)

It's a shared facility. Double lines and extra nets. A designated pickleball facility would be great.

3/27/2016 11:47 PM [View respondent's answers](#)

Wasted space - could be configured for 6 courts instead of only 4 .

3/23/2016 10:52 AM [View respondent's answers](#)

Not enough courts. We have stopped playing from December to April because of the crowded courts. A friend the week of March 10 only played 4 games in 2 1/2 hours...because there are only 4 courts and so many people. No storage building for balls, paddles etc we use half of the shuffleboard storage No drinking fountains like on the tennis courts No shaded seating like on tennis courts No dedicated restrooms like on the tennis courts

3/23/2016 10:41 AM [View respondent's answers](#)

too small

3/23/2016 10:08 AM [View respondent's answers](#)

A bit confusing with different lines of different color.

Necessity of sharing with tennis players. Please note that I am also a tee is player and enjoy both sports. However, it seems that both sports have enough participants to warrant separate facilities.

3/20/2016 10:06 AM [View respondent's answers](#)

Sharing with tennis...too many court markings makes it confusing for new players. Wish it was a dedicated court with nets installed.

usually parking is not a problem

3/28/2016 8:17 AM [View respondent's answers](#)

If other events are taking place at the lodge it can be difficult to park at the lodge facility so players must park on surrounding streets

3/23/2016 11:18 PM [View respondent's answers](#)

sometime parking lot is full. golf carts have to park on grass, cars have to park too far away

3/23/2016 11:02 PM [View respondent's answers](#)

Easy to park with a cart. During member guest the limited parking was an issue for guests.

3/23/2016 5:30 PM [View respondent's answers](#)

I have had days where I initially drive to the facility, just to turn around, drive home, and instead have to walk for lack of parking!

3/23/2016 3:20 PM [View respondent's answers](#)

Too many autos/golf carts.

3/23/2016 11:08 AM [View respondent's answers](#)

Depends on the day and what is happening at the Lodge/RAC if parking is available. Had to park 2 times at a neighboring village and walk over to the courts. Add more golf cart parking area on north side of courts.

3/22/2016 8:59 AM [View respondent's answers](#)

Except for tournaments, parking isn't to much of a problem.

3/20/2016 9:14 PM [View respondent's answers](#)

We have so many Golfers that park there most times you need to circle the lot a number of times to find a spot.

3/20/2016 8:57 PM [View respondent's answers](#)

### Question 10 – See Detailed Responses – 34 Respondents

We have been coming to Timber Pines for 3 years. After being in The Villages with excellent facilities for years, we arrived here 3 years ago and we're told that they were going to put in permanent pickleball courts. And we are still using the same old makeshift facility!! We were highly disappointed! As we heard when we first came, there are plenty of funds available but nothing has been done! This sport is not a passing fad. It extends activity for tennis players as we are. And also it provides activity for those who were never athletically inclined. I have played all sports... pickleball is the most active, competitive and very social fun game for all!!

3/31/2016 1:40 PM [View respondent's answers](#)

High Point has better courts than Timber Pines.....what's wrong with this picture?

3/30/2016 10:28 PM [View respondent's answers](#)

The new net bases extend out and are easy to trip on....mainly more courts as this game is becoming so popular and next year there will be way too many people for these courts. There were 20 new people on one Sat for newcomers..just saying

3/29/2016 3:58 PM [View respondent's answers](#)

more courts to keep with growth of members

3/28/2016 9:45 PM [View respondent's answers](#)

Please build us some courts as soon as possible. Members should not have to go outside the gates to play good pickleball. We have so much interest in the sport in Timber Pines and it would be an asset to the community.

3/28/2016 4:34 PM [View respondent's answers](#)

It's time for Timber Pines to have Pickleball Courts that are adequate for the number of players.

3/28/2016 8:17 AM [View respondent's answers](#)

Pickleball has proven to be a legitimate sport and has grown inside Timber Pines. When it first started here, it wasn't too bad sharing a facility with tennis. However, with increased membership, we have outgrown the present situation. We need designated courts.

3/27/2016 11:47 PM [View respondent's answers](#)

The amount of money necessary to put pickleball on a priority list is quite small and the potential ROI is large, especially with baby boomers retiring & wanting to play

3/23/2016 11:18 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

with the amount of residents in Timber Pines why can't there be a permanent facility - more courts? Why does it have to take so long to get things done?

3/23/2016 11:02 PM [View respondent's answers](#)

The leaders of the PB Club have done an outstanding job promoting the sport, providing competition and attracting new members. With more players on the courts the time allowed is a problem. 16 people can play at one time, 20-30 could be waiting to play. Our games are limited so that all players will have a chance to play. You could get on the court for 5 minutes then have a 15 minute wait for another game. I am concerned that this is the only activity that is dependent on the actions and decisions of a TP Club. PB is being restrained because of the location at the Tennis Courts. TP should not advertise this as an amenity when clearly it is an under developed plan of action. Pickleball should be a discussion separated from Tennis, not secondary to the desires of tennis. The need to address this is urgent. It has been in discussion long enough.

3/23/2016 5:30 PM [View respondent's answers](#)

I'm somewhat surprised to lack of accommodation that TP has shown this sport. It's widely played within the senior communities. TP prides itself of being "active" and having pristine accommodations for many popular sports, why are they lacking in this one? Time is not a luxury, as it was maybe in younger years. I expect better response and planning and execution of the plans.

3/23/2016 3:20 PM [View respondent's answers](#)

Pickleball is the fastest growing sport in the USA. We need better courts!

Great group of people.

3/23/2016 10:52 AM [View respondent's answers](#)

Question #5 on printed form - What changes would Timber Pines have to make for you to give it an even higher rating? Additional courts - too crowded many days, have to wait to play. Expand existing area and courts. Expand the time that pickleball can use the court area. Board is not looking at "big picture" of how fast pickleball is growing and the needs for the next 10-15 years. Board members need to visit other pickleball facilities - The Villages has 150 courts and are building more. Plantation RV Resort in Lady Lake has 8 permanent Pickleball courts and 2 more on the tennis courts. Retirees want to stay very active and pickleball offers a great opportunity for exercise for all levels. Board is not responsive to the influx of new residents and new ideas to keep Timber Pines a premier 55+ community

the number of active participants is growing quickly. People come to Timber Pines for the recreational activities. More courts are needed now!

should be between 6-8 permanent pickle ball dedicated courts

3/21/2016 8:45 PM [View respondent's answers](#)

When is TP going to do something about how poorly our PB facilities compare to other communities. We're not even on the chart compared to the Villages!

3/21/2016 6:27 PM [View respondent's answers](#)

I have only been involved with Pickleball here for three (3) years and I am only here on a seasonal basis.. Each year I continue to see improvements both on the courts and the way the executive run the Pickleball activities. Keep up the good work.

3/21/2016 8:52 AM [View respondent's answers](#)

Appreciate that we have people who volunteer their time to train others.

3/20/2016 7:46 PM [View respondent's answers](#)

Appears to have little support for needed facilities from TP Board.

3/20/2016 7:31 PM [View respondent's answers](#)

Considering the money spent on tennis, the disregard of pickle ball is deplorable, insulting to the community, and a total failure of good leadership.

3/20/2016 2:48 PM [View respondent's answers](#)

## PICKLEBALL FACILITY SURVEY RESULTS 2016

The tennis and pickleball budgets should be separate. And there should be enough money allocated to the Pball budget, not giving most of the money to tennis. We need and should have state of the art courts. Our membership has increased to support this. I have gone up to the clay tennis courts on weekends in the afternoons while the snowbirds are here and no one is playing. If there is a need to move the Pball courts to another location, let's get moving on this decision.

3/19/2016 9:48 PM [View respondent's answers](#)

I don't understand why we only have hours in the afternoon the hottest part of the day, why can't the pickleball club have morning hours?

3/19/2016 7:51 PM [View respondent's answers](#)

The popularity of pickleball will continue to grow. With Timber Pines wanting to be one the premier over 55 communities we will have to improve the pickleball facilities to meet the demand, popularity, and increasing play as other top communities have already done.

3/19/2016 6:30 PM [View respondent's answers](#)

With so many tennis courts and hours for tennis, should be no need to wait until 2017 for dedicated courts. Ensure that all activity areas are non smoking...I am allergic to smoke and find it difficult to sit or play if there is a viewer smoking. This comment is relevant to tennis and golf driving range as well. I proved signage, posting area, etc. Would be helpful, without making the site look junky. Ensure board and staff understand how daily play works. The social mixing and score maximums are very different than other sports and the way that one can drop in during club hours, at various levels, is very supportive and encouraging for newcomers, beginners, all ages, and singles. This aspect of pickleball is not well known and very important for a thriving timber pines. Much appreciate your efforts.

3/19/2016 6:24 PM [View respondent's answers](#)

With the number of people showing up daily and the popularity of the sport, people will leave if the facility is not upgraded. Also the fact that the golf course greens and fairways are, in some cases, not in great shape is a big negative.

3/19/2016 6:20 PM [View respondent's answers](#)

We need more courts available and not have to share with Tennis.

## PICKLEBALL FACILITY SURVEY RESULTS 2016

It is truly hard to believe how Timber Pines is dragging their feet on creating a Pickleball Facility. They seem to have a TON of money to put into golf, and everything else is going by the wayside. It is so frustrating to see the time and effort a lot of people have put into showing why we need the courts and we are pretty much just ignored. I know there are proper channels everything has to go through. We feel we have done all of that, to no avail. Even writing this down AGAIN is frustrating. It seems to be falling on deaf ears EVEN THOUGH all stats show Pickleball to be the fastest growing sport currently and our club grew by 100 members in a 3 month period - all means nothing here. Let's go - this is ridiculous that our "premier community" should only have 4 pickleball courts for 180 people. That is a JOKE!!!

3/19/2016 4:03 PM [View respondent's answers](#)

Pickleball has been in Timber Pines since 2010. Don't understand why the TP Homeowners Association has not moved quicker to assess and invested in better facilities for pickleball as part of its activity assets and a healthier life style given activate lifestyle trends and growing popularity of pickleball. TPC should clarify and commit to a plan immediately given the obvious growth and demand. TP Association has to take a leadership role in ensuring community has moderate facilities to address changing life styles with assistance of PB Club which will strengthen fabric of the community, maintain values and enhance the attractiveness of the community to invest and reside in.' PB Club has to advance its plans and needs for PB to assist the TPC Board in a 1-5 and 5-10 year horizon, and to communicate clearly with Management on PB needs, and seek clarification from TP Management on what information they need to make a timely decision.

3/18/2016 7:41 AM [View respondent's answers](#)

At present Timber Pines advertises an amenity in their brochure/website stating that PB is available similar to golf and tennis. This is FALSE advertising. Pickleball in TP is an afterthought which, for the fastest growing adult sport in the USA is a travesty and shows BLIND leadership by the TP BOD and GM. Would like to see TP join with the times.....this is now the 21st century, no longer the 20th century.....get with the times TP.
